

CLEAN ENERGY PRE-APPRENTICESHIP PROGRAM

This free pre-apprenticeship program offers an introduction to the union electrical industry, focusing on clean energy such as electric vehicle charging stations, battery storage, solar power and wind power. Participants will not be paid.

Women and individuals of color are encouraged to apply.

Participants must:

- ✓ Be 18-24 years of age
- ✓ Be a resident of Boston, MA
- ✓ Have a high school diploma or equivalency
- ✓ Be drug-free
- ✓ Be authorized to work in the United States
- ✓ Be physically capable of performing electrical work
